Name your girl. Name your team. Be thematic if you want. Get real cute with it!

2: STATS

You have two stats. Each starts with 3 points.

**Girl**: Use this for mundane, everyday human actions. Talk, eat, use a cellphone, kick someone in the face.

**Magic**: Use this to do all the superhuman, sparkly, cosmic world-savey stuff.

3: ACTIONS

When you act, and the outcome is in doubt, roll a D6. If it’s equal to or under the relevant stat, you succeed. If it’s over the stat, you fail.

If you’re using your girl special-skill or doing something related to your role, roll 2 D6 and pick the lowest.

4: CHANGING STATES

**SETBACK**: When the plan fails and you run into difficulty, move one point from Magic into Girl.

**POWER UP**: When the plan goes off without a hitch, move one point from Girl into Magic.

You can voluntarily move one point from Girl to Magic by doing a flashback scene in which you and the other girls overcome a difficulty through friendship.

You can voluntarily move one point from Magic into Girl by dishing some hot goss.

5: THE END

If your Magic stat ever reaches 6, you are consumed by your own power and merge into the cosmos.

If your Girl stat ever reaches 6, you flip out teen-style and lose it. Presumably to be picked up by your parents in half an hour or so.
